**Compassion Counts.** Keogh's programs depend on stability. Your contribution will help to increase our reach and help more people navigate a path to healthier lives and self-sufficiency.

**Giving Online.** It's easy to click and give at our website, keoghhealth.org/giving

**Tax Credit.** Arizona's Charitable Tax Credit enables you to contribute up to $400 (for an individual) or $800 (for a couple filing jointly) and receive a dollar-for-dollar credit on your Arizona income tax. This means you can donate to Keogh instead of paying the same amount in state taxes. You may also receive a deduction on your federal income tax. For more information, visit azdor.gov

**Giving by Mail.** Mail your contribution to Keogh Health Connection, 3620 N. 4th Ave., Suite 2-2, Phoenix, AZ 85013

**Reach Out.** For more information, please visit our website at keoghhealth.org, contact Claudia Boyer at 602-266-0405 (ext. 3), or email us at giving@keoghhealth.org.
Keogh Health Connection was founded in 2003 by Karlene and Kevin Keogh. Keogh’s mission, heart, and spirit are reflected in the lives of the people we have assisted since day one.

Keogh provides services with compassion and continues to succeed in a time of tremendous change. We advocate for the most vulnerable and have served over 200,000 individuals from diverse backgrounds. Keogh connects people to health insurance, nutrition assistance, and financial support in times of personal struggle. Keogh’s extensive network of partners allows us to help our clients navigate our complex health care system and directs them to critical resources.

In 2016, Keogh Navigators reached nearly 12,500 people informing them about our services and other available resources.

We meet people in their own communities reaching them in schools, apartment complexes, barber shops, grocery stores, gyms, health fairs, hospitals and clinics, community centers and other local venues. These are the places where our clients feel most comfortable and live, work, go to school and play.

Keogh understands that health is more important than health insurance. In 2016, we began to identify and train qualified Community Health Workers/ Promotores de Salud to link health care providers and patients, identify available social services, and teach healthy living and disease management. Community Health Workers are not just an extension of core clinical services; they are key to providing effective primary care and supporting our goals.

Keogh offers free enrollment assistance for AHCCCS (Arizona’s Medicaid), Kids Care, Marketplace Health Insurance (The Affordable Care Act), SNAP (food stamps), and TANF (emergency cash assistance). Our Navigators are advocates and teachers who care for and support our clients on the road to self-sufficiency.
